Westbridge Magnetic Filters

- ▶ Westbridge EZ-MAG Comes in 1", 22mm, 28mm
- ▶ Improves heating system efficiency
- ▶ Shielded, withdrawable magnet for easy cleaning
- ▶ Super Strong Magnet Strength: 12000 Gauss
- ▶ Built in drain for simple flushing and system condition check
- ▶ EZ Access, combined air vent
- ▶ Complete with servicing / maintenance tool
- ▶ High quality isolation valves supplied
- ▶ Robust brass hardware
- ▶ Made from recyclable materials
- ▶ Warranty: 5 Years

Westbridge WB-APE

Intelligent frequency conversion circulation pump

- ▶ APE intelligent frequency conversion circulation pump (hereinafter called as “electronic pump”). The stator of the motor is completely shielded, and the rotating parts are immersed in clean water, playing an important role in cooling and lubricating during working.
- ▶ The shielding sleeve of the electric pump adopts a thin-wall structure to completely shield the internal stator of the motor from water, the traditional mechanical seal structure is eliminated and the leakage problem of the conventional water pump is solved.
- ▶ The rotating parts are made of ceramic bearings and ceramic rotating shafts, which are wear-resisting and lubricated with clean water, can cold down the motor, and reduce the noise. The pump will not overload during full head running. It can be generally free from maintenance as long as used correctly.
- ▶ 2 Year Warranty

Westbridge Templo

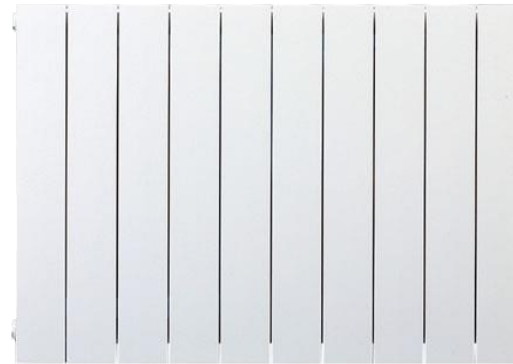

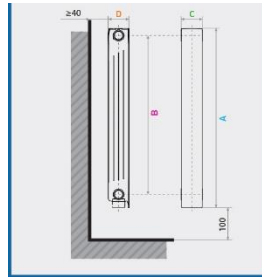

- ▶ Templo radiators are made from high-quality aluminium alloy that provide quick heat transmission, and consequently heat areas rapidly.
- ▶ Functional at low operating temperatures
- ▶ Highly anti-corrosive
- ▶ Cast radiators as a unit without connections results in exceptional strength and highly mechanical characteristics
- ▶ Made from quality aluminium alloy that conducts heat four times quicker than steel

TEMPLO		500/80	
A	Column height	mm	576
B	Coupling size	mm	500
C	Column width	mm	80
D	Mounting depth	mm	80
	Column weight	kg	1,35
	Column water content	l	0,34
	Heating area	m ² /col.	0,42
	Heating effect 90/70/20 °C	W/col.	143
	Heating effect 75/65/20 °C	W/col.	113
	Heating effect 55/45/20 °C	W/col.	57
	Heating effect exponent	n	1,33

Hygiene and Elegance

The latest design in hygienic radiators from our assortment

Templo is the latest radiator from our assortment and is based on demanding requirements for clean, hygienic radiators. The design features closed columns on the front and rear sides, preventing the build-up of dust. These radiators can be easily cleaned and are therefore ideal for hospitals, medical centres, as well as all premises that require a high level of cleanliness and absolutely no dust. The design is exceptionally elegant and easily blends into various interior design styles.

Westbridge Valves

- ▶ Westbridge Henley 2 Way Thermostatic Radiator Valve
- ▶ Westbridge Henley 2 Way TRV 15mm Pack
- ▶ Westbridge EZ Drain Lockshield Radiator Valve
- ▶ Automatic Air Vent C/W Check Valve
- ▶ Fire Valves
- ▶ Gate Valves
- ▶ Lever Valves
- ▶ Washing Machine Valves
- ▶ Service & Stopcock Valves

Westbridge Henley 2 Way TRV

- ▶ Fully reversible flow
- ▶ A Rated
- ▶ Max flow temp 110degC
- ▶ Max pressure 10 bar
- ▶ Liquid sensor for optimum performance
- ▶ Compression connections comply with EN1254-2
- ▶ Suitable for both 15mm and Irish ½” Copper
- ▶ 5 year warranty

Westbridge Henley 2 Way TRV 15mm Pack

- ▶ Comes complete with Lockshield
- ▶ A Rated
- ▶ Fully reversible flow
- ▶ Max flow temp 110degC
- ▶ Max pressure 10 bar
- ▶ Liquid sensor for optimum performance
- ▶ Compression connections comply with EN1254-2
- ▶ Suitable for both 15mm and Irish ½” Copper
- ▶ 5 year warranty

WestbridgeEZ Drain Lockshield Radiator Valve

- ▶ Drain off valve with hose connection
- ▶ Makes system draining easy & clean
- ▶ Allows radiator to be removed easily when decorating
- ▶ Compression Connections comply with EN1254-2
- ▶ Suitable for both 15mm and Irish ½” copper
- ▶ Polished chrome finish

www.westbridgecontrols.co.uk

Westbridge Automatic Air Vent

- ▶ High quality automatic air vent
- ▶ Built in check valve
- ▶ “O” ring seals for leak free installation
- ▶ Long service life
- ▶ 5 year warranty

www.westbridgecontrols.co.uk

Westbridge Fire Valves

- ▶ Comes in 1.5m, 3.0m, 6.0m, 9.0m, 15.m
- ▶ Fail safe protection for domestic & commercial oil boilers
- ▶ Non-electrical safety valve
- ▶ Manual reset
- ▶ Manual on/off for appliance servicing
- ▶ Sensor system fails safe if broken
- ▶ Two alternative temperature settings
- ▶ Remote sensing up to 20m (66ft)

Westbridge Gate Valves

- ▶ Metric & Irish sizes available
- ▶ High quality gate valve
- ▶ Easily turned on and off
- ▶ Shuts off water supply
- ▶ Prevents leakage on the system
- ▶ Gate type pump valves also available

www.westbridgecontrols.co.uk

Westbridge Lever Valves

- ▶ Metric & Irish sizes available
- ▶ High quality gate valve
- ▶ Easily turned on and off
- ▶ Shuts off water supply
- ▶ Prevents leakage on the system

www.westbridgecontrols.co.uk

Westbridge Washing Machine Valves

- ▶ Available in 15mm
- ▶ Made from steel & plastic
- ▶ Includes handle
- ▶ Suitable for water

Westbridge Service & Stopcock Valves

- ▶ Stopcock Valve is used to completely stop the flow of water
- ▶ Ensure clean, reliable and economical operation
- ▶ High life cycle
- ▶ Lower replacement costs

Westbridge EcoStream 100

- ▶ 100mm water saving shower head
- ▶ 4.1l/min (based on 1bar of pressure)
- ▶ Single mode air technology: save 25-30% water
- ▶ 3 year guarantee
- ▶ Suitable for hotels & landlords
- ▶ Robust ABS construction
- ▶ High quality self cleaning nozzles
- ▶ Fits all ½” shower hoses

www.westbridgecontrols.co.uk

Westbridge EcoStream 100-M

- ▶ 100mm multifunctional water saving shower head
- ▶ 3 Modes: Shower Jet, Massage, Shower Jet & Massage
- ▶ 7.5l/min (pressure) 6.5l/min (pressure & massage)
- ▶ 6.2l/min (massage)
- ▶ 3 year guarantee
- ▶ Optional Eco Mode
- ▶ Robust ABS construction
- ▶ High quality self cleaning nozzles
- ▶ Fits all ½” shower hoses

www.westbridgecontrols.co.uk

Westbridge EcoStream 150-M

- ▶ 150mm multifunctional luxury shower head with eco mode
- ▶ 3 Modes: Shower Jet, Waterfall & Eco Mode
- ▶ 6.4l/m (Shower Jet) 6.4l/min (Waterfall) 3.2l/min (Eco Mode)
- ▶ Robust ABS construction
- ▶ High quality self cleaning nozzles
- ▶ Fits all ½” shower hoses

Westbridge Brass Double Lock Shower Hose

- ▶ High quality double lock brass shower hose 1.5m
- ▶ EPDM inner tube -20deC-120degC
- ▶ 5 year guarantee
- ▶ Working pressure 8 bar
- ▶ Tensile force 30kgs

www.westbridgecontrols.co.uk

Westbridge Brass PVC Shower Hose

- ▶ 360 degree “anti twist” coupling
- ▶ Chrome plated brass hardware
- ▶ PVC material (recyclable)
- ▶ 5 year guarantee
- ▶ Working pressure 8 bar
- ▶ Tensile force 50kgs
